The situation will create a profound sensation, and unless later reports show that the captured officers are at liberty other ressels will probably be hurried to the scene. Knowing the condition of the Chinese at the present time, and the way in which they are likely to deal with prisoners, there will be great anx-iery until the suffery of the party is asnatil the sufety of the party is as-

A continuatial will probably follow, as the policy of the United States government is to require unusual care in such cases. A few years ago a lost torpede from a United States warship was exploded by some Japanese who found it on the beach. One of them was killed, and though the Japanese government declared it held the officer of the warship blandless there was a continuitial ess, there was a courtmartial

The mayor denied the rumor that he had been in consultation with General McAleer as to the advisability of calling out the treops again. "The companies seem to have enough men to run the cars," said he, "and yesterday was the quietest day since the strike began. There will be no necessity of calling out the mulitin as matters will grow quieter day by day.

The board of health has condemned the old west High street public chool building

As mentioned in the TIMES DEMO CRAT Saturday, the members of the board of health visited the school buildings in the city that day with a view of thoroughly investigating and scertaining their sanitary condition

Several thousand children are con fined for twe hours each day in the various buildings and the sanitary condition of the different structures is of the greatest importance and in terest to parents

The Grand avenue High school building and west High street build ings were visited and each building and the outbuildings surroundings were carefully examined by the mem bers of the board, all of whom were very favorably impressed with the condition in which the buildings were found, with the exception of the High street building, and that the Board is satisfied is in as good emitary condition as the building it self will permit but according to the Board of Health's views, that is not

officers were found deserving of credit for the management of the building in a general way. Those of the just tore who were found were also com plimented by the board for the condition of the school buildings and their immediate surroundings which were kept in as good sunitary condition as possible. The Grand avenue building in North Limit which wis the first one visited was fund in excellent condition not alone the hill and classically but of her portuns of the building building building or the building of the building building building building or the building of th

THE PROFESSOR IS COMING!

We are pleased to announce that Professor Leon H. Myers, the king of perfumes, will make his first appearance in this city at our store

Wednesday Mednesday

The professor is an extensive manufacturer of

High Grade Perfumes!

and in order to introduce his wares in this city, he will personally conduct a sale in our store on the days mentioned. His unique manner of advertising and and selling his pertures has attracted

great crowds of people in other cities, and we would like to see him have a right royal welcome here.

In order to do this, we will sell for the two days mentioned, his perfumes at the following

SPECIAL PRICES:

oz. Bottle, 12c, regular price, 35c 21c, 33c, 50c

Do not fail to see him, you will find him gentlemanly and amusing. He will spray his matchless perfumes in his choicest odors, and entertain you as you have never been entertained before.

Remember the dates, Wednesday and Thursday of this week.
